

**Statement of Support for Bryony House  
December 2019**

As feminist organizations with a mandate to provide assistance and safe shelter to women and children fleeing violence and abuse, the Transition House Association of Nova Scotia and its members continue to support the staff and management of Bryony House during this challenging time and hope for a timely resolution.

**We have always welcomed women and children no matter where they come from or who refers them, and we will continue to do so. This includes women and children who have been referred from Bryony House.**

It is of paramount importance **to let women know that they can continue to call the crisis lines of all the Transition Houses across Nova Scotia and be offered support and assistance 24 hours a day 7 days a week.**

If you are concerned that a woman you know may be experiencing violence, please call
